

## List of Vacancies for Assistant Professorships, Xiamen University 2015

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
1	School of Humanities Contact (Contact: Ms. Feifei Ha, +86-592-2181932)	Department of Chinese	Chinese Language & Philology, Drama & Film Studies, Linguistics & Applied Linguistics, Comparative Literature & World Literature	Assistant Professor	2	1. Have published 1 academic paper on the first-class journal or 3 academic papers on the second-class core journals as the first or independent author and have participated in national-level project; 2. Have enthusiasm and devotion for teaching; 3. Have strong team spirit; 4. Preferably with overseas study or work experience.	Chinese Phonology, Southeast Local Operas, Language Typology, European & American Literature, East Asian Literature, Ecoliterature	Possess a doctoral degree from a renowned domestic or overseas university or research institute, or have postdoctoral experience in such university or institute.
		Department of History	Chinese History, World History, Archaeology and Museology	Assistant Professor	2	1. Have published 1 academic paper in the first-class core journals as the first or independent author; 2. Have enthusiasm and devotion for teaching; 3. Have strong team spirit.	Research in the regional society and culture of China; Chinese Ancient History; Process of China Modernization Studies; Western Classics (involving History and culture of Greek and Rome or Europe); Neolithic Archaeology	Possess a doctoral degree from a renowned domestic or overseas university or research institute, or have postdoctoral experience in such university or institute.
		Department of Philosophy	Marxist Philosophy, Chinese Philosophy, Foreign Philosophies	Assistant Professor	1	1. Have published 1 academic paper on the first-class journal or 3 academic papers on the second-class core journals as the first or independent author and have participated in national-level project; 2. Have enthusiasm and devotion for teaching; 3. Have strong team spirit.	Marxist Philosophy, Zhuzi's theory, Confucian philosophy, Comparison of Chinese and Western Philosophy, western philosophy, Philosophy of politics, West Aesthetics	Possess a doctoral degree from a renowned domestic or overseas university or research institute, or have postdoctoral experience in such university or institute.
		Department of Anthropology and Ethnology	Anthropology	Assistant Professor	1	1. Have published 3 academic papers on the second-class core journals as the first or independent author or 1 academic paper on the first-class journal, and have participated in national-level project; 2. Have enthusiasm and devotion for teaching and the ability to teach core academic courses; 3. Have strong team spirit.	Cultural and Social Anthropology	Possess a doctoral degree from a renowned domestic or overseas university or research institute, or have postdoctoral experience in such university or institute.

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
2	School of Journalism and Communication (Contact: Ms. Zehong Hu +86-592-2186382)	Advertising Department	Advertising	Assistant Professor	2	1.Have participated in research projects; 2.Have published at least one academic paper in the first-class core journals as the first or independent author; 3.Have excellent teaching ability.	Advertising Big Data	Possess a doctoral degree from a renowned domestic or overseas university or research institute.
3	College of Foreign Languages and Cultures (Contact: Ms. Xiaojing Wei +86-592-2186922)	Department of English Language and Literature	English Language and Literature	Assistant Professor	3	Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence.	English Language and Literature	Possess a doctoral degree , preferably from a renowned overseas university or research institute.
		Department of Japanese Language and Literature	Japanese Language and Literature	Assistant Professor	1	Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence.	Japanese Language and Literature	Possess a doctoral degree , preferably from a renowned overseas university or research institute.
		Foreign Languages Education Department	foreign language studies and applied linguistics	Assistant Professor/ Assistant Lecturer/ Teaching Assistant	6	Possess publications in the related fields and be able to give English courses to non-English major undergraduates; or be capable to give Arabic or Thai language courses, teach undergraduates and conduct quality research.	Linguistics, Literature, Translation, and Culturology, etc.	Possess a doctoral degree, preferably; or be 28 years of age or younger with a MA degree from a renowned overseas university or research institute.
		Department of European Language and Literature	Russian Language and Literature	Assistant Professor	1	Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence.	Linguistics	Possess a doctoral degree , preferably from a renowned overseas university or research institute.
			Spanish Language and Literature	Assistant Professor	1		Linguistics and Literature	
			German Language and Literature	Assistant Professor/ Teaching Assistant	1	Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence.	German Language and Literature	Possess a doctoral degree, preferably; or be 28 years of age or younger with a MA degree from a renowned overseas university or research institute.
		French Language and Literature	French Language and Literature	Assistant Professor	1	Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence.	Culturology and Teaching	Possess a doctoral degree , preferably from a renowned overseas university or research institute.

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
4	The School of Economics (Ms. Jinzhu Zheng, +86-592-2183387)	Department of Public Economics	Public Finance including Taxation, or Public Economics	Assistant Professor	2	1. Have an excellent educational background; 2. Have strong research potential and commitment to publishing in top domestic journals or international journals; 3. Have excellent English skills and be able to teach in English.	Public Finance including Taxation, or Public Economics	Possess a doctoral degree from a renowned domestic or overseas university or research institute.
		Department of International Economics and Trade	International Economics and Trade	Assistant Professor	5	1. Have experience participating in key research projects and ability to apply for national projects; 2. Be able to Handle teaching responsibilities required by School.	International Trade, Trade in Service, International Business	Possess a doctoral degree from a renowned domestic or overseas university or research institute. Obtain the bachelor degree from a renowned university.
			World Economy	Assistant Professor	3		World Economy	
		Department of Finance	Financial Engineering	Assistant Professor	3	1. Have an excellent educational background; 2. Have potential and ability in research and record of publishing in top domestic journals or recognized international journals; 3. Have excellent English skills and be able to teach in English.	Financial Engineering	Possess a doctoral degree from a renowned domestic or overseas university or research institute.
			Insurance	Assistant Professor	2		Insurance Theory, Actuarial	
			Investment	Assistant Professor	1		Corporate Finance	
		Department of Economics	Population, Resources and Environmental Economics	Assistant Professor	1	1. Have experience participating in key research projects and ability to apply for national projects; 2. Be able to handle teaching responsibilities required by School.	Environmental Economics, Health Economics, or Labor Economics	Possess a doctoral degree from a renowned domestic or overseas university or research institute. Domestic doctoral graduates should have overseas or work experience of one year or more.
		Institute of Economic Research	Political Economy	Assistant Professor	1	1. Have an excellent educational background; 2. Have potential and ability in research and record of publishing in the top domestic journals or recognized international journals; 3. Have excellent English skills and be able to teach in English.	Marxist Economics, New Political Economics, Institutional Economics, Economic History	Possess a doctoral degree from a renowned domestic or overseas university or research institute. Domestic doctoral graduates should have overseas or work experience of one year or more. Obtain the bachelor degree from a renowned university.
			Regional Economics	Assistant Professor	1		Spatial economics, New Economic Geography, Urban and Regional Planning	

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
4	The School of Economics (Ms. Jinzhu Zheng, +86-592-2183387)	China Center for Energy Economics Research	Energy Economics	Assistant Professor	2	1. Have an excellent educational background; 2. Have demonstrated potentials to conduct quality research, have published papers in top domestic journals or recognized international journals; 3. Have excellent English skills and be able to teach in English.	Energy Economics	Possess a doctoral degree from a renowned domestic or overseas university or research institute.
		Center for Macroeconomic Research	Macroeconomics	Assistant Professor	2	1. Have an excellent educational background; 2. Have demonstrated potentials to conduct quality research and commitment to publish in respected domestic and international journals.	Macroeconomics	Possess a doctoral degree from a renowned domestic or overseas university or research institute, AND have 1 year postdoctoral experience in such university or institute.
			Theoretical Economics, Applied Economics, Statistics	Assistant Professor	3	1. Have demonstrated potentials to conduct quality research, and to publish papers in international journals or top domestic journals. 2. Have excellent English skills and preferably be able to teach in English.	Theoretical Economics, Applied Economics, Statistics	Possess a doctoral degree from a renowned domestic or overseas university or research institute.
5	The Wang Yanan Institute for Studies in Economics (Ms. Daisy Youshu Xu, +86-592-2181003)		Western Economics, Finance, Quantitative Economics, Labor Economics, Statistics, etc.	Assistant Professor	5	1. Have demonstrated ability to conduct quality research; 2. Have excellent English skills and preferably be able to teach in English. 3. Be able to publish papers in international leading journals (for overseas Ph.Ds). Be able to publish papers in domestic leading journals or international journal (for domestic Ph.Ds).	Any field. Our preferred areas of specializations are – but not limited to - econometrics, economic history, environmental economics, experimental economics, finance, industrial organization, institutional economics, international trade, political economy, public economics, statistics, and urban economics.	Possess a doctoral degree from a renowned domestic or overseas university or research institute.
6	School of Management	Department of Accounting	Accounting	Assistant Professor	3	Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence.	Accounting Auditing Finance	Possess a doctoral degree from a renowned domestic or overseas university or research institute.

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes		
6	School of Management (Contact: Xiaoyang Liu +86-592-2189173)	Department of Business and Management	Business Management	Assistant Professor	2	Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence.	Strategy Management and Corporate Governance, Entrepreneurial and Innovation Management, Organization and Human Resource Management	Possess a doctoral degree from a renowned domestic or overseas university or research institute.		
		Department of Management Science	Management Science and Engineering	Assistant Professor	1					
			Technology Economics and Management	Assistant Professor	1	Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence.	Information Management and Information System, Operation Management	Possess a doctoral degree from a renowned domestic or overseas university or research institute.		
		Department of Finance	Finance	Assistant Professor	1					
		Department of Marketing	Marketing	Assistant Professor	1					
				Department of Tourism and Hotel Management	Tourism Management	Assistant Professor	2	Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence.	Tourism Plan Recreational Geography Hotel Management	Possess a doctoral degree from a renowned domestic or overseas university, research institute or Business School, preferably with rich industry experience.
				MBA Education Center	Business Administration	Assistant Professor	3		Data, Models and Decisions, Financial Management, Marketing, Business Ethics	
7	Institute for Financial and Accounting Studies (Contact: Ying Xie +86-592-2187763)		Finance	Assistant Professor	3	Have published 2 academic papers and have the potential to publish in the Institute's recognized publication list.	Finance	Possess a doctoral degree from a renowned overseas university or research institute.		
			Accounting	Assistant Professor	2		Accounting			
8	School of Law (Contact: Zhiqing Wu +86-592-2186181)		Jurisprudence, Chinese Legal History, Criminal Law, Fixcal and Tax Law, Litigation Law, Administrative Law, International	Assistant Professor	8	1. Have published 2 papers in journals recognized by Xiamen University as the first or independent author; 2. Meet other requirements as stipulated in the Faculty Member Responsibilities and Qualifications of School of Law, Xiamen University	Jurisprudence, Chinese Legal History, Criminal Law, Fixcal and Tax Law, Litigation Law, Administrative Law, International Law	Possess a doctoral degree from a renowned overseas university or research institute.		

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
9	Intellectual Property Institute (Contact: Shaoting Lin +86-592-2182729)		Intellectual Property Law, Intellectual Property Management	Assistant professor	3	1. Have extensive teaching experience and excellent teaching evaluations; 2. Have published 2 papers in journals recognized by Xiamen University.	Intellectual Property Law; Intellectual Property Management	Possess a doctoral degree from a renowned overseas university or research institute.
10	South China Sea Institute (Contact: Xia Zhang +86-592-218771)		International Law	Assistant professor	1	1. Have excellent research capabilities and demonstrated potentials of academic development; 2. Have achieved representative publications.	Public International Law, Law of the Sea	Possess a doctoral degree from a renowned overseas university or research institute.
11	School of Public Affairs (Contact Ms. Minmin Huang at +86-592-2183292)	Department of Political Science	Political Theory	Assistant Professor	2	1. Have extensive teaching experience and excellent teaching evaluations; 2. Have experience of carrying out research projects and capable of conducting research independently; 3. Have published 1 paper independently or as the first author in excellent academic journals (excluding indexed conference papers), or have compiled and published a textbook or a monograph with no less than 100,000 words, accumulatively.	Chinese political theory	Possess a doctoral degree in Political Science.
		Department of Public Administration	Public Administration	Assistant Professor	2		Public Administration, Human Resources and Environmental Resources Management, etc.	Possess a doctoral degree in Public Administration.
			Social Security, Social Medicine and Health Care Administration	Assistant Professor	3		Social Security, Land Resources, etc.	Possess a doctoral degree, preferably from a renowned overseas university or research institute.
		Department of Sociology and Social Work	Sociology	Assistant Professor	2		Theory of Sociology	Possess a doctoral degree, preferably from a renowned overseas university or research institute.
			Social Work	Assistant Professor	1		Social Work	Possess a doctoral degree, preferably from a renowned overseas university or research institute.
12	School of Public Policy (Contact Ms. Huang Minmin at +86-592-2183292)		Public Policy	Assistant Professor	3	1. Be well-qualified in teaching; 2. Have experience of carrying out research projects and capable of conducting research independently; 3. Have published 1 paper independently or as the first author in excellent academic journals (excluding indexed conference papers), or have compiled and published a textbook or a monograph with no less than 100,000 words, accumulatively.	Public Policy	Possess a doctoral degree, preferably from a renowned overseas university or research institute.
		Institute of Psychology	Psychology	Assistant Professor	3		Psychology	

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
13	Art College (contacts: Luyun You +86-592- 2188910)	Fine Arts Department	Chinese Painting	Teaching Assistant	1	1. Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence; 2. Have participated in significant exhibitions or competitions (award winners preferred). Be experienced and proficient in professional service the related field.	Chinese Painting (Portraits)	Possess the highest degree in the related field from a renowned domestic university or from an overseas university. Be 28 years of age or younger.
			Lacquer Painting	Teaching Assistant	1		Lacquer Painting	
			Visual Communication	Teaching Assistant	1	1. Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence; 2. Be experienced and proficient in professional service the related field and have participated in research projects; 3. Be able to teach Visual Communication courses.	Visual Communication	Possess the highest degree in the related field from a renowned domestic university or from an overseas university. Be 28 years of age or younger.
			Theory	Assistant Professor	2	1. Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence; 2. Have published at least 1 paper in first-class core journal or 3 papers in secondary core journal (as first or independent author), and have achievement of research projects at provincial level or above, plus another equivalent or above achievement..	One for Art Theory & One for Design Theory	Possess a doctoral degree, preferably with overseas study/work, or have working experience in renowned university or professional colleges, or have participated in important national research projects.
			Multimedia	Teaching Assistant	1	1. Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence; 2. Have participated in significant exhibitions or competitions (award winners preferred). Be experienced and proficient in professional service the related field; 3. Preferably be able to use a certain foreign language to carry out research and communications.	Photography and Video Art	Possess a doctoral degree, preferably with overseas working and education experience, or have working experience in renowned university or professional colleges, or have participated in important national research projects. Be 28 years of age or younger.

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
13	Art College (contacts: Luyun You +86-592- 2188910)	Art Teaching Department	Art Management	Assistant Professor	1	1. Have an excellent educational background, demonstrated potentials to conduct quality research, and a record of teaching excellence; 2. Have demonstrated abilities in teaching and research in art management. Have grasped the theory of art market management and know well the cutting-edge development in the related field.	Art Management	Possess a doctoral degree, preferably from a renowned overseas university or research institute. Rich working experience or significant achievement in related field of Arts Cultural Management are preferable.
14	School of Marxism (contacts: Ms. Chunping Jiang +86-592- 2186535)		Marxism Theory	Assistant professor	7	1. Have qualified teaching ability; 2. Have demonstrated ability to undertake research projects independently, and have participated in research projects; 3. Have published more than two highly-quality academic papers in core journals as the independent or first author. 4. Be able to use a certain foreign language to carry out research and communications.	Marxism theory	Possess a doctoral degree from a renowned domestic university or research institute.
15	Overseas Education College (Contact: Can Chen +86-592- 2189363)	Department of Chinese language and culture	Teaching Chinese as a Foreign Language	Assistant Professor	2	1. Have qualified teaching ability; 2. Have participated research work; 3. Have published one academic paper on core journals (independently or as the first author).	Statistics or Linguistics, Cognitive science	Possess a doctoral degree, preferably from a renowned overseas university.
16	International Relations; Research Institute for Southeast Asian Studies (Contact: Xiaorong HONG +86-592- 2186414)		International Relations	Assistant professor	2	1. Have a proven track record in research with quality journal publications, including at least 3 articles published in the Secondary Class Core Journals (sole author or first author); Outstanding research record and/or the ability to run professional modules in English language would be an advantage. 2. Have qualified teaching ability and the ability to carry out research independently.	Asia-Pacific Studies; Southeast Asian Studies; Studies of Overseas Chinese	Possess a doctoral degree, preferably from a renowned overseas university. Obtain two of the degrees (BA, MA and Ph.D) from a renowned overseas university or research institute.
			History of Particular Subjects	Assistant professor	1			
			World Economy	Assistant professor	1			

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
17	Taiwan Research Institute (Contact: Yihong Zhou +86-592-2185911)		Chinese History, Regional Economics, Pedagogy, Sociology or Religiology, Chinese Literature	Assistant professor	1	Have research and teaching experience in history, economics, Cross-strait Culture, sociology, education, Religiology, or literature.	Taiwan History, Industrial Economics, Taiwan Education, Taiwan Society, Taiwan Literature	Possess a doctoral degree in history or economics from Japan; or in Japan history, Cross-strait Culture, sociology, education, Religiology, contemporary and modern Chinese literature, comparative literature, literary theory, etc.
18	Institute of Education(Contact: Yan Ye +86-592-2180536)		Higher Education	Assistant Professor	1	1. Have enthusiasm and passion for teaching and be of good conduct. 2. Have published papers in international leading journals (for oversea Ph.Ds). Have published at least 1 paper in domestic first-class core journals or 3 papers in second-class core journals(for domestic Ph.Ds). 3. Have participated provincial research project or above. 4. Have certain capability in administration and editing.	Chinese-Foreign Cooperation in Running Schools	Possess a doctoral degree from a renowned university or research institute, preferably from abroad.
			Comparative Education	Assistant professor	1	1. Have a systematic and solid theoretical foundation, and rich experience in practice in related field, be able to grasp the development trend both at home and abroad and to undertake the teaching and research responsibilities; 2. Be able to undertake and direct research projects independently; have been involved in scientific research projects; 3. Have strong team spirit and be able to organize and manage a team.	Comparative Education	Possess a doctoral degree from a renowned university or research institute, preferably from abroad.
19	Center for Teaching and Learning Development (Contact: Hao Ai +86-592-2186176)		Education or Psychology	Assistant Professor	1	1. Have a systematic and solid theoretical foundation, and rich experience in practice in related field, be able to grasp the development trend both at home and abroad and to undertake the teaching and research responsibilities; 2. Be able to undertake and direct research projects independently; have been involved in scientific research projects; 3. Have strong team spirit and be able to organize and manage a team.	Education or Psychology	Possess a doctoral degree from a renowned domestic or overseas university or research institute, or have postdoctoral experience in such university or institute.

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
20	Department of Physical Education (Contact: Dan Guo +86-592-2187793)		Physical Education and Sports Training	Lecturer/ Teaching Assistant	4	1. Have demonstrated abilities and certain teaching experience in P.E. teaching. 2. Have some experience and a strong desire to coordinate contests or competitions; have instructed sports clubs before, and be able to organize big sports activities.	Basketball, Aquatics, Rugby, Baseball and Softball	Possess a master degree or above. Be 28 years of age for Teaching Assistant position. For applicants with the qualification of National Class Athlete and with potentials to lead a sports team, a bachelor degree may be accepted.
			National Defense Education	Assistant Professor	1	1. Have outstanding research achievements during doctoral study, and have published 2-3 papers in core journals; 2. Be capable to teach undergraduate student theories of National Defense and to supervise Master candidates; Be willing to contribute to the discipline development of National Defense Education. 3. Have experience in conducting research project; have strong team spirit and be willing to participate in relevant team work.	National Defense Education	Possess a doctoral degree in International Politics or Pedagogy from a renowned university or research institute.
21	School of Mathematical Sciences (Contact person: Shumin Guo Tel: +86-592-2580602)	Department of Mathematics and Applied Mathematics, Department of Information and Computational Sciences, Department of Mathematical Statistics	Pure Mathematics, Applied Mathematics, Computational Mathematics, Operational Research and Cybernetics, Probability and Mathematical Statistics	Assistant Professor	5	Have the ability to do research independently, good potential for professional development, a record of excellent research achievement, and demonstrated ability to teach.	Probability and Mathematical Statistics (especially statistics, actuarial science), Pure Mathematics, Applied Mathematics, Computational Mathematics, Operational Research	Possess a doctoral degree, and have postdoctoral experience in such university or institute (except for statistics and actuarial science). Preferably with overseas study or work experience in relevant field.

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
22	School of Physics and Mechanical & Electrical Engineering (Contact: Ruibo Wang +86-592-2184026)	Department of Physics	Condensed Matter Physics	Assistant Professor	1	1. Have systematic scientific research work experience in this area. 2. Have outstanding scientific research ability and academic potential. Have publications in international top journal.	Low dimensional condensed matter physics (Low dimensional material preparation, study on physical properties), Micro nano magnetics, nano energy, biological functional materials, etc. (experiment-oriented preferred)	Possess a doctoral degree from a renowned domestic or overseas university or research institute. Domestic doctoral graduates should have overseas or work experience of one year or more.
			Photonics	Assistant Professor	1		Theoretical Physics, Theory in Condensed Matter Physics	
			Theoretical Physics	Assistant Professor	1		Microelectronics and Solid-State Electronics (experiment-oriented preferred.)	
			Microelectronics and Solid-State Electronics	Assistant Professor	1			
		Department of Astronomy	Astrophysics	Assistant Professor	1	1. Have systematic scientific research work experience in this area. 2. Have outstanding scientific research ability and academic potential. Have publications in international top journal.	High energy astrophysics, galaxy formation and evolution , large scale structures of the universe, detection and characterization of extra-solar planets	Possess a doctoral degree from a renowned domestic or overseas university or research institute.
		Department of Mechanical and Electrical Engineering	Measurement Technology and Instruments	Assistant Professor	1	1. Have substantial research experiences; demonstrate potential for establishing significant externally funded research programs; 2. Have a strong publication record in important refereed journals of mechanical or electrical related research fields.	Analytical instruments, sensor networks or related fields	Possess a doctoral degree from a renowned domestic or overseas university or research institute. Domestic doctoral graduates should have postdoctoral research experience.
			Precision Instrument and Machinery		2		Precision machining and measurement or related fields	
			Mechatronic Engineering		1		Micro/nano manufacturing, sensing technology or related fields	
			Electrical Engineering and Automation		3		Power electronics, Electric power system or related fields	

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
23	Chemistry and Chemical Engineering College (Contact: Yaxuan Ye +86-592-2185033)	Chemical Biology	Chemical Biology	Assistant Professor	1	Be qualifield to join the research group.	bio-synthetic chemistry	Possess a doctoral degree from a renowned domestic or overseas university or research institute. Domestic doctoral graduates should have overseas or work experience of one year or more.
24	College of Materials (Contact: Chao Du +86-592-2189016)	Department of Material Science and Engineering	Macromoeclular Materials	Assistant Professor	1	1. Have mastered the basic professional theory and research method, and have made good academic achievements; 2. Have the capability and passion to complete the teaching task.	Macromoeclular Materials	Possess a doctoral degree, preferably from a renowned overseas university or research institute. Have study or work experience in a renowned university or research institute.
			Materials Physics & Chemistry	Assistant Professor	1		Materials Physics & Chemistry	
			Materials Science	Assistant Professor	1		Materials Science	
			Materials Science & Engineering	Assistant Professor	1		Materials Science & Engineering	
		Department of Biomaterials	Biomedical Engineering/Soft Matter and Functional Materials	Assistant Professor	2		Biomedical Engineering/Soft Matter and Functional Materials	
25	School of Life Sciences (Contact: Denghong Xu +86-592-2188846)	Department of Biology/ Biological Chemistry and Biological Technology/ Biological Medical Science/ Agricultural and Biological Technology	Cell Biology	Assistant Professor	2	1. Have experience of carrying out research projects and capable of conducting research independently; 2. Have record of publications in recognized academic journals of related fields.	Cell Biology	Be 32 years of age or younger. Possess a doctoral degree, preferably with postdoctoral research experience in a renowned overseas university or research institute.
			Biochemistry and Molecular Biology	Assistant Professor	2		Biochemistry and Molecular Biology	

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
26	College of Ocean & Earth Sciences (Contact: Jun Fan +86-592-2183064)	Department of Marine Biological Science & Technology	Marine Biology	Assistant Professor	1	1. Have good academic attainments; 2. Have at least one academic publication in internationally recognized journal as first author or corresponding author(SCI, EI, ISTP) ; 3. Have experience of carrying out research projects and capable of conducting research independently; 4. Have good teaching ability.	Marine biology, Marine Biological Technology	Possess a doctoral degree, preferably from a renowned overseas university or research institute.
		Department of Marine Chemistry & Geochemistry	Marine Chemistry	Assistant Professor	1		Marine Chemistry, The geochemistry	Possess a doctoral degree, preferably from a renowned overseas university or research institute.
		Department of Applied Ocean Physics & Engineering	Ocean Physics	Assistant Professor	1		Underwater Acoustic Physics and Underwater Acoustic Engineering, Ocean Acoustics and Signal Processing, Electrical Engineering, Computer Application	Possess a doctoral degree, preferably from a renowned overseas university or research institute.
		Department of Physical Oceanography	Physical Oceanography	Assistant Professor	1		Physical Oceanography, Marine Meteorology	Possess a doctoral degree, with postdoctoral/work experience in Physical Oceanography, Satellite Oceanography, Marine Meteorology or other relevant fields from renowned overseas universities or research institutes.
27	College of the Environment and Ecology (Contact: Xiaolin Ke, TEL: +86-592-2880260)	Environmental Science	Assistant Professor	1	Have at least 3 SCI papers in the recognized academic papers of related fields in the past five years as first author or corresponding author, with at least 1 paper ranking Quartile 2 in JCR impact factors.	Water Environmental Dynamics, Environmental Remote Sensing and Modeling, Environmental Ecology, Coastal Environment Management	Possess a doctoral degree and postdoctoral research experience. Domestic doctoral graduates should have international research work experience of one year or more.	
		Ecology	Assistant Professor	2		Ecosystem Ecology (Wetland Ecosystem Research / Ecosystem Modeling); Animal Ecology (Wetland Benthos); Genetics & Evolutionary Ecology (Ecological Genetics / Systematic Evolution)		

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
27	College of the Environment and Ecology (Contact: Xiaolin Ke, TEL: +86-592-2880262)		Ecological Engineering of Environment	Assistant Professor	4	Have at least 3 SCI papers in the recognized academic papers of related fields in the past five years as first author or corresponding author, with at least 1 paper ranking Quartile 4 in JCR impact factors.	Ecological Restoration Engineering (Artificial Wetland, Wetland Ecological Engineering or Soil Remediation), Resource Recovery of Solid Waste, Ecological Environment Planning and Design, Marine Pollution Control and Advanced Oxidation Treatment Technology	Possess a doctoral degree and postdoctoral research experience. Domestic doctoral graduates should have international research work experience of one year or more.
28	Information Science and Technology College (Contact: Guanghui Fu +86-592-2580012)	Department of Computer Science	Computer Software And Theory	Assistant Professor	2	Have already published at least 4 high quality papers on JCR journals or top conferences, including at least 2 papers ranking Quartile 2 in JCR impact factors or higher and 1 paper from top-ranked conferences.	Computer system software, operating systems, the theory of computation, cloud computing, big data processing and data mining, high performance algorithms, parallel and distributed computing, software engineering, computer graphics and data visualization, scientific computation of complex systems, large-scale databases.	Possess a doctoral degree from a renowned overseas university or research institute. Non-native Chinese-speakers with a high level of English proficiency are encouraged.
			Computer Networks, Information Security, Computer System Architecture	Assistant Professor	2	Have already published at least 4 high quality papers on JCR journals or top conferences, including at least 2 papers ranking Quartile 2 in JCR impact factors or higher and 1 paper from top-ranked conferences.	Information security including network security, information theoretic security, data privacy, cryptography, or programming language security. Computer networks, the network of things, mass-data storage and management, mobile computing; or computer system architecture and embedded systems.	Possess a doctoral degree from a renowned overseas university or research institute. Non-native Chinese-speakers with a high level of English proficiency are encouraged.
			Applied Computer Technology	Assistant Professor	1	Have already published at least 4 high quality papers on JCR journals or top conferences, including at least 2 papers ranking Quartile 2 in JCR impact factors or higher and 1 paper from top-ranked conferences.	Machine learning, computer vision, pattern identification, medical image processing, remote sensing image processing, virtual reality, multi-media technology.	Possess a doctoral degree from a renowned overseas university or research institute. Non-native Chinese-speakers with a high level of English proficiency are encouraged.

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
28	Information Science and Technology College (Contact: Guanghui Fu +86-592-2580012)	Department of Automation	Control Theory and Control Engineering	Assistant Professor	1	Have already published at least 4 high quality papers on JCR journals or top conferences, including at least 2 papers ranking Quartile 2 in JCR or higher and 1 paper from top-ranked conferences.	Control Theory and Applications	Possess a doctoral degree from a renowned overseas university or research institute.
			System Engineering	Assistant Professor	1		Data Mining or Process Control	
			Detection Technology and Automatic Equipment	Assistant Professor	1		Complex Motion Control Technology	
		Department of Communication Engineering	Signal and information processing	Assistant Professor	1	Have already published at least 4 high quality papers on JCR journals or top conferences, including at least 2 papers ranking Quartile 3 in JCR or higher and 1 paper from top-ranked conferences.	Satellite Navigation, Wireless Communications, Signal and Image Processing, and Earth Observation	Possess a doctoral degree from a renowned overseas university or research institute.
			Communication and Information Systems	Assistant Professor	1			
		Department of Electrical Engineering	Electromagnetic and microwave technology	Assistant Professor	1	Have already published at least 4 high quality papers on JCR journals or top conferences, including at least 2 papers ranking Quartile 2 in JCR or higher and 1 paper from top-ranked conferences.	Electromagnetic and microwave technology	Possess a doctoral degree from a renowned overseas university or research institute.
Circuit and Systems	Assistant Professor		1	Integrated Circuit and Systems, its application in embedded system				
29	Software School (Contact: Jue Lin +86-592-2580568)	Department of Software Engineering	Software Engineering	Assistant Professor	2	1. Possess the capacity to undertake research projects independently and have work experience in research programs or educational reform projects; 2. Have published at least 1 academic paper in core journals (as first author or corresponding author); 3. Be able to lecture undergraduate and graduate courses.	Data Base and Date Mining, Embedded System, Pattern Recognition and Image Processing, Information Security, Software Engineering Technology and Application, and other related areas.	Possess a doctoral degree from a renowned domestic or overseas university or research institute.
		Department of Digital Media Technology	Digital Media Technology	Assistant Professor	2		Computer Animation, Network Games, Virtual Reality, Multimedia Technology, and other related areas.	

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
30	School of Architecture and Civil Engineering (Contact: Zhaohui Deng +86-592-2188958)	Architecture Department	Architectural History and Theory	Assistant Professor	1	Have experience in architectural research and practice. Be able to give lectures on history of western architecture.	History of Western Architecture	Possess a doctoral degree, preferably with overseas study or work experience. Obtain the bachelor degree from a renowned university.
			Building Techniques	Assistant Professor	1	Have research experiences in low-carbon and energy saving buildings. Be able to give lectures on building physics(building acoustic, thermal insulation,building illumination).	Building physics, Green architecture	
		Department of Urban planning	Urban planning	Assistant Professor	1	1.Be able to undertake the teaching and research responsibilities in urban planning, and have good potential for professional development. 2. Meet other requirements and job responsibilities as stipulated in the Faculty Member Responsibilities and Qualifications of School of Architecture and Civil Engineering or as requested by the school.	urban planning and design	Possess doctoral degree in urban planning or related major. Obtain the bachelor degree from a renowned university which passes through the professional assessment in relevant field.
		Department of Civil Engineering	Structural Engineering, Civil Engineering	Assistant Professor	3	1. Have experience participating in key research projects and substantial ability to apply for national projects; 2. Be able to handle teaching responsibilities required by School.	Earthquake Engineering; Wind Engineering; Durability of Coastal Structures; Steel Structures; Disaster Prevention and Mitigation; Bridge Engineering; Engineering Management	Possess a doctoral degree from a renowned domestic or overseas university or research institute. Domestic doctoral graduates should have overseas or work experience of one year or more.
31	Medical College (Contact: Qingpin Yin +86-592-2880519)	Basic Medicine Department	Histology and Embryology	Assistant Professor	1	1. Be capable of carrying out research independently, and having experience participating in research projects; 2. Have published SCI indexed papers as first author; 3. Preferably with teaching experience; 4. Meet other requirements as stipulated in the Faculty Member Responsibilities and Qualifications of Medical College.		Possess a doctoral degree, and obtain a bachelor degree in medicine or related field.
			Human anatomy	Assistant Professor	1			
			Immunology	Assistant Professor	1			
			Genetics	Assistant Professor	1			
			Pathology	Assistant Professor	1			
							Possess a doctoral degree, preferably from a renowned overseas university or research institute.	

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
31	Medical College (Contact: Qingpin Yin +86-592- 2880519)	The Neuroscience Institute	Neurobiology	Assistant Professor	1	Have published SCI indexed papers as first author.	Neurobiology and Neurological diseases	Be 33 years of age or younger. Possess a doctoral degree in a related field.
		Cancer Research Center	Cancer Research	Assistant Professor	1	1. Have published more than one SCI papers on cancer as the first author; 2. Have an outstanding ability of reading, writing and communicating in English. 3. Meet other requirements as stipulated in the Faculty Member Responsibilities and Qualifications of Medical College.	cancer research	Possess a doctoral degree from a renowned domestic or overseas university or research institute. Have postdoctoral experience in cancer research for 2 years or more.
		Department of Nursing	Nursing	Assistant Professor	1	1.Be capable of working independently on scientific research, have good potential for academic development; and have published influential academic papers on nursing ; 3.Have good teaching skills.	any major related to Nursing	Possess a doctoral degree, and obtain a bachelor degree in medicine or nursing, preferably with overseas study/work experience, or with clinical nursing work experience.
		Department of Traditional Chinese Medicine	TCM, Chinese Pharmacology	Assistant Professor	2	1. Be capable of carrying out research independently, and having experience participating in research projects; 2. Have published 1 paper in SCI indexed journals or 2 papers in first-class core journals as first author; 3. Possess the TCM doctor qualification certificate;	clinical TCM including acupuncture, Basic or TCM prescription research	Possess a doctoral degree or postdoctoral research experience from a renowned overseas university or research institute or a first-class Chinese-medicine university.
			Medical Science	Assistant Professor	2	1. Be capable of carrying out research independently, and having experience participating in research projects; 2. Have published SCI indexed papers as first author; 3. Preferably with teaching experience; 4. Meet other requirements as stipulated in the Faculty Member Responsibilities and Qualifications of Medical College.	medical science	Possess a doctoral degree, and obtain a bachelor degree in medicine or related field.

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
32	School of Pharmaceutical Sciences (Contact: Xiao-Meng WANG +86-592-2881198)		Pharmacology	Assistant Professor	2	1. Possess the capacity to undertake research projects independently and have work experience in research programs or educational reform projects; 2. Have published at least 1 academic paper in core journals (as first author or corresponding author); 3. Have qualified teaching ability.	Pharmacology and Chemical Biology	Possess a Ph.D or MD degree from a renowned university or research institute, and have postdoctoral experience in such university or institute.
			Medicinal Chemistry	Assistant Professor	4		Medicinal Chemistry and Pharmaceutical Informatics	
			Pharmaceutics	Assistant Professor	3		Pharmaceutics and Pharmaceutical Analysis	
33	School of Public Health (Contact: Ms. Xiaoyan Ru +86-592-2880618)	Department of Experimental Medicine	Molecular Imaging and Translational Medicine	Assistant Professor	1	1. Be serious in study and research; have over three years of experience in molecular imaging related. Possess the capacity to undertake research projects independently and strong potential in scientific research. 2. Have enthusiasm and devotion for teaching and strong team spirit.	Molecular Imaging	Possess a doctoral degree from a renowned domestic or overseas university or research institute, or have postdoctoral experience in such university or institute.
			Medical examination	Assistant Professor	2		Biochemistry and molecular biology, Molecular virology	
34	College of Energy Contact: Binbin Zhang +86-592-2180059		Energy Efficiency Engineering	Assistant Professor	2	1. Have study and work experience in leading domestic universities or research institutes, and have the ability and experience to apply for competitive scientific research projects independently; 2. Have mastered the basic professional theory and research method, and have made some academic achievements; 3. Have potential to become outstanding scholars and experts in the field; 4. Have cooperative innovation capability; 5. Have capability and interest to complete teaching duties.	Energy efficient buildings, industrial energy efficiency, energy efficient transportation, energy efficiency economics, policies and management.	Possess a doctoral degree from a renowned university or research institute, preferably from abroad.
			Nuclear Engineering and Materials	Assistant Professor	2		The R&D of applied nuclear materials under extreme conditions, advanced digital technologies, advanced nuclear energy systems, and technologies and processes for nuclear energy applications.	

No	School	Departments	Academic Disciplines with Vacancies	Number of Vacancies		Essential Qualifications	Research Fields	Notes
34	College of Energy Contact: Binbin Zhang +86-592-2180059		Energy Chemical Engineering- Electrochemical energy storage	Assistant Professor	1	1. Have the ability to apply for and carry out competitive scientific research projects independently; 2. Have published at least 2 papers in recognized academic journals in related field; 3. Have cooperative innovation capability; 4. Have capability and interest to complete teaching duties.	Electrochemical energy storage & conversion systems, including lithium ion batteries and related materials, super capacitor, and fuel cells technology	Possess a doctoral degree from a renowned university or research institute, preferably with overseas study experience.
			Energy Chemical Engineering- Bioenergy	Assistant Professor	1	Have published more than 4 SCI indexed peer reviewed papers (at least 2 ranking above Quartile2 in JCR) in the related field (including biomass, bioenergy, chemical/biochemical engineering, etc) as the first author during the PhD study. If one of the first authored paper is published in the top journal (Nature series, Science, Agnew Chem, etc.), no requirement on the number of papers will be applied.	Energy Chemical Engineering- Bioenergy	Possess a doctoral degree from a renowned university or research institute, preferably with overseas study experience.
			Photovoltaic Engineering	Assistant Professor	2	1. Have mastered the basic professional theory and research method, and have made some academic achievements; 2. Have potential to become outstanding scholars and experts in the field; 3. Have cooperative innovation capability; 4. Have capability and interest to complete teaching duties.	Photovoltaic materials, photovoltaic devices, and photovoltaic applications.	Possess a doctoral degree from a renowned university or research institute, preferably with overseas study experience.
35	Pen-Tung Sah Institute of Micro-Nano Science and Technology (Contact: Ms Fen Liu Tel:(86)592-2183063)		Microelectronics and Solid State Electronics	Assistant Professor	1	Have evidence of research qualifications supported by quality publications, preferably with PI or research experience in externally funded projects.	Micro/Nano Sensor Technologies	Possess a doctoral degree from a renowned university or research institute.
			Circuit and System	Assistant Professor	1		Sensors, Internet of Things	
			Energy & Chemical Engineering	Assistant Professor	1		New energies, Graphene
